

Project Management section

Project Management section cards overview

- **Add New Product:** Form to input details about new products, including images, descriptions, prices, categories, etc.
- **View All Products:** A complete list of all products, with options to sort and filter by different criteria (e.g., category, price, stock level).
 - **Edit Product:** Allows admins to modify existing product details.
 - **Delete Product:** Option to remove products from the inventory.
- **Manage Categories:** Create, edit, and delete product categories.
- **Bulk Upload:** Upload multiple products at once using CSV or Excel files.
- **SEO Management:**
 - Set meta tags, keywords, and other SEO-related fields for products.
